Had a cordial call with Brackett and sensed that while GE will not commit itself in its press release, it would express a leaning toward opting in subject to reviewing the details.

Brackett asked whether, at some point tomorrow, we might inform them of what we plan to say in our release. I said I would refer the request to our communications people. Their POCs on communications are Gary Shepard and mark behan. Only contact them if you want to.

Will probably call him as a courtesy but obviously not mention numbers. I assume GE knows the timing of tomorrow's announcement?

The Administrator's call with Jeff Immelt went well. Immelt had Mr. Brackett on the line with him, so that outreach may no longer be needed (Bob -- you can decide).

The Administrator did not give them any specific numbers. So any further discussions with GE today should not either.

We are on track for full release tomorrow, as planned.
